

Champion Penthouse
(Price 1)

Image with one wall removed showing upstairs Sleeping Quarters with panel heater, 6ft run and 3ft safety porch

Premier Champion - Our most popular single cat pen style. Used and approved by leading Rescue groups and Licensed Boarding establishments. Design to the requirements specified by Feline Advisory Bureau (FAB) and Chartered Institute of Environmental Health (CIEH). Constructed from the finest quality Scandinavian Redwood, not only visually appealing but, with simple maintenance, very long lasting. Precision manufactured using computer controlled saws ensuring finest quality of finish.

Downstairs Compartment
(Price 3)

Invaluable for rescue. Easy Access for Kittens and Sick or Elderly Cats

Sleeping Quarters - fully insulated and lined either using durable impervious material or "our speciality" (Premier) Seamless Fibreglass module. Includes a Sleeping shelf (removable for easy cleaning) plus "cat-flap" leading to outside shelf with ladder. Access doorway has an easy-to-use sliding vent plus a large secure viewing window. All together providing the ultimate comfort and usability for two cats.

Premier (Seamless Fibreglass)
(Price 2 & 4)

Industry leading "Premier" sleeping quarters Seamless Fibreglass. Ultimate Hygiene with Durability (Very important in busy Cattery's)

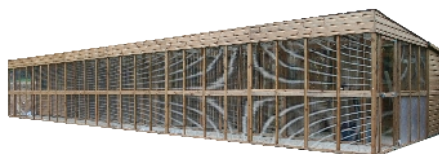

Exercise Area (Run) - 6^{ft} deep by 3^{ft} wide. Fully secured using (standards approved) steel wire mesh includes sunning shelf for the cats immediate comfort, this secure area provides cats with "fresh air" and safety, whilst not completely waterproof, protection from the elements can be gained by fitting "lift-off" shutters (on walls) and Twin-Wall Polycarbonate (replacing the standard corrugated Acrylic) on roof. These additional measures help protect from extremes of heat and cold whilst importantly retaining an "outdoor feel", enjoyed by cats.
