

# 3<sup>ft</sup> Compact Champion

Compact (sub 2m sq) Layout of Sleeping Quarters, Exercise Area & Secure Safety Porch

## Compact Champion (Price 1)

This latest design expertly combines a 3ft Sleeping Quarters with 6ft Exercise area and 3ft Safety Porch (as required by the relevant standards bodies) into an attractive and very compact space.

## Premier Seamless Fibreglass (Price 2 & 4)

Although a "Compact" design these sleeping quarters are standards based and therefore can accommodate our industry leading "Premier" Seamless Fibreglass sleeping quarters which provide the ultimate Hygiene and Durability

**Compact Champion (Penthouse)** – This variation of the popular Champion Penthouse style pen is used by leading Rescue groups who's volunteers may have limited space. The compact layout benefits from the same features and benefits as the standard Champion. Constructed using the finest quality Scandinavian redwood not only looks very appealing but with simple maintenance lasts a very long time. Precision manufactured on computer controlled saws ensuring perfect joints.

**Sleeping Quarters** - fully insulated and lined either using durable impervious material or "our speciality" (Premier) Seamless Fibreglass module. Includes a Sleeping shelf (removable for easy cleaning) plus "cat-flap" leading to outside shelf with ladder. Access doorway has an easy-to-use sliding vent plus a large secure viewing window. All together providing the ultimate comfort and usability for two cats.

**Exercise Area (Run)** - 6<sup>ft</sup> deep by 3<sup>ft</sup> wide. Fully secured using (standards approved) steel wire mesh includes sunning shelf for the cats immediate comfort, this secure area provides cats with "fresh air" and safety, whilst not completely waterproof, protection from the elements can be gained by fitting "lift-off" shutters (on walls) and Twin-Wall Polycarbonate (replacing the standard corrugated Acrylic) on roof. These additional measures help protect from extremes of heat and cold whilst importantly retaining the "outdoor feel", enjoyed by cats.
