

4^{ft} Chalet Style Pen

Full Height Sleeping Quarters, Exercise Area & Secure Safety Porch

Chalet Style Pen
(Cost 1)

4^{ft} Sleeping Quarters, 6^{ft} Exercise Area & 3^{ft} Safety Porch shown here in-use at Licensed Boarding Cattery as Isolation Pen
(picture of typical use)

Chalet Style Pen – Used and approved by Leading Rescue Groups and Licensed Boarding Cattery's. Design to the requirements specified by Feline Advisory Bureau (FAB) and Chartered Institute of Environmental Health (CIEH). Constructed from finest quality Scandinavian Redwood, not only visually appealing but, with simple maintenance, very long lasting. Precision manufactured using computer controlled saws ensuring finest quality of finish.

Sleeping Quarters Chalet Style *(Full Height Walk-in)*

4^{ft}x4^{ft} Fully insulated and lined using durable impervious materials, 2^{no} sleeping shelves *(removable for easy cleaning)* Full height doorway with easy to use sliding vent and lockable "cat-flap". Fully opening window (using friction hinges) leading from sleeping shelf to shelf with ladder.

4ft (Two Cat) Chalet Style Sleeping Quarters

Fully Insulated and Lined using impervious materials for Hygiene and Comfort. With Two Large Sleeping Shelves *(Removable for Easier Cleaning)*. A Fully Opening window leading to an Outside Shelf with Ladder. Panel Heater and Light *(not shown)*

Exercise Area (Run) - 6^{ft} deep by 4^{ft} wide. Fully secured using *(standards approved)* steel wire mesh includes sunning shelf for the cats immediate comfort, this secure area provides cats with "fresh air" and safety, whilst not completely waterproof, protection from the elements can be gained by fitting "lift-off" shutters (on walls) and Twin-Wall Polycarbonate (replacing the standard corrugated Acrylic) on roof. These additional measures help protect from extremes of heat and cold whilst importantly retaining an "outdoor feel", enjoyed by cats.
